II. Veterans Certification Procedures

Veterans are expected to achieve Satisfactory Academic Progress (SAP) to obtain and maintain veteran's benefits at Fielding Graduate University.

The Veteran's Benefits Certifying Official will obtain from the Graduate Program Advisor's Office the veteran's SAP status and the number of degree requirement units completed. The Veteran's Benefits Certifying Official will report the veteran's progress and degree requirement units to the Veteran's Administration (VA). Benefits will be certified at the end of each review period.

Veterans who are reviewed and not found to be meeting SAP standards for the first time will be placed on Financial Aid Probation. Veterans on Financial Aid Probation are still eligible for VA benefits.

Veterans who are reviewed and not found to be meeting SAP standards for the second consecutive time will be placed on Financial Aid Disqualification. Veterans on Financial Aid Disqualification are not eligible for VA benefits.

Benefits cannot be certified retroactively for periods of Financial Aid Disqualification.

Once a student regains SAP, they may be eligible for VA benefits again.

All of Fielding Graduate University's policies can be read online in the [Handbook](#). It contains policies regarding student rights & responsibilities, degree requirements, institutional policies, academic policies & financial policies.
